

Upcoming Health and Safety Training Courses 2021

In conjunction with

ACEI ASSOCIATION OF
CONSULTING ENGINEERS
OF IRELAND

Designing for Safety in Construction (DSC) - Online Classroom

Engineers Ireland February Dates: Tuesday, 16 and Tuesday, 23 February 2021

ACEI May Dates: Tuesday, 11 and Tuesday, 18 May 2021

Fees: Members - €480 / Non-Members - €560

The aim of this course is to provide practical guidance to engineers and designers on how to comply with their duties under the Safety Health & Welfare at Work legislation. The course is based on the Designing for Safety in Construction Manual, authored by Jack Kavanagh, Chartered Engineer, FIEI FConsEI, and published jointly by ACEI, Engineers Ireland & RIAI. The course trainers and the author of the DSC Manual are all practicing chartered engineers working in consulting engineering design companies.

Project Supervisor Design Process (PSDP) - Online Classroom

Engineers Ireland March Dates: Tuesday, 23 and Tuesday, 30 March 2021

Fees: Members - €480 / Non-Members - €560

This course is directed towards engineers who will fulfil the role of Project Supervisor Design Process (PSDP) in accordance with the Safety, Health and Welfare at Work (Construction) Regulations 2013. On completion of this programme, participants will be able to assess their own competence to take on the role of PSDP, advise clients of their statutory duties, and demonstrate competence to act as a PSDP to a potential client.

DSC / PSDP Refresher Course - Online Classroom

ACEI April Date: Thursday, 15 April 2021

Fees: Members - €240 / Non-Members - €280

This course is aimed at engineers and designers who have completed the DSC and PSDP courses and are in need of refresher training in accordance with the Safety, Health and Welfare at Work (Construction) Regulations 2013. This short, 4-hour course will provide designers with practical guidance on how to comply with their duties. It is recommended that refresher training is undertaken every 2-3 years for designers to keep up with developments in Health and Safety practice and refresh their skills.
