EPCE Award Winner**

Paul Doyle
Donnachadh O'Brien & Associates

**Being presented with his
award by
President Tony Horan**

Award Criteria

The 2019 ACEI Emerging Professional Consulting Engineer (EPCE) award will be presented to a consulting engineer with excellent communication skills, business acumen, technical capabilities and strong ethical values.

The award competition is a great opportunity to showcase your experience to date, add value to your credentials and be publicly recognised as a rising talent by the leaders in your profession.

Candidates are required to submit a written application including:

- A description of the qualities and skills you believe you possess that meet the criteria of an ACEI EPCE (max 400 words);
- An outline of the main challenges currently facing the consulting engineering profession in Ireland and how you think they could / should be addressed and the role that ACEI could play in this context. (max 600 words);
- A description of a project in which you played a key consulting engineering role. Demonstrate clearly how you met the client's brief and brought excellence in design, innovation, sustainability, health and safety and value for money to the project (max 1200 words). Photos / images can also be included.

Entries should also include up to two other pages containing the following information:

- Full name and date of birth of applicant;
- Name of ACEI member company;
- Qualifications obtained to date and CPD courses undertaken;
- Brief career history including dates, company name(s) and position(s) held;
- Professional memberships and voluntary committee/organisation activities;
- Signature and supporting statement (max 200 words) from an ACEI Fellow (FConsEI).

To qualify for the competition applicants must satisfy the following criteria:

- Be a Chartered Engineer;
- Be 35 years of age or under on 31st March 2019;
- Have four or more years relevant experience;
- Be employed in an ACEI member company;
- Be supported by an ACEI Fellow Professional Consulting Engineer (FConsEI).

EPCE Applications collated in one pdf document should be sent by email to: info@acei.ie not later than 5pm on Monday 18th February 2019.

The ACEI will set up an adjudicating panel to assess the applications and chose a shortlist of up to five candidates. The short-listed candidates will need to make themselves available to undertake an interview with the panel during the first two weeks of **March 2019** where two or three finalists will be selected. The overall winner will be formally announced on 29 March 2019 at the ACEI Annual Awards Dinner.
